

November 9, 2010

Dear Bob,

Three years ago I was at a place in my life where things were going very well professionally in my role as a Major League Scout for the Minnesota Twins. I love the job along with the challenges & rewards it provides but I knew something was missing. I sensed there was more. I sensed I wasn't fully tapping into all that God wanted for me. I sensed a higher calling. I knew I wasn't fully leveraging my time, talents & treasures. I continued to have a recurring dream where I was standing before God & all that mattered was hearing the words: "Well done, my good & faithful servant".

Discussing this with my good friend Carl LaBarbera, he strongly recommended I attend a Master's Program briefing. After hearing you lay out the vision & goals of TMP I was hooked. I knew this was the perfect arena for me to learn, grow & be challenged to maximize my life for Kingdom advancement.

The last three years in The Master's Program have clearly shown me what I've been missing and much, much more. Your energy, vision, inspiration, motivation & practical tools have been a tremendous help & gone a long way in helping me zero in on my Kingdom Calling. I can't thank you enough for how you've "built me up" & "equipped me for service" (and leadership). Balance, Margin & Focus have become buzz-words that won't stop ringing in my head. But more than buzz-words you've provided practical steps and useful tools on how to utilize and maximize each of them. Thanks for showing (and modeling) how "success" is great but "significance" is far better (and longer lasting)!

As a result of The Master's Program I've committed to reconnecting with my home church & finding a tangible way of serving that fits my unique God-design while also meeting a need of the Church. I've also committed to continue searching for my "sweet spot" where my God-Honoring Passion, God-Designed Potential & God's Kingdom Purpose all comes together. I've recommitted to maintaining my spiritual disciplines, taking care of my body, finances and being the husband & father that God desires.

During my time in TMP my wife Gayle & I benefited from participating in the Dream Master's Weekend & came up with a shared family goal to have our twins sons experience a 3<sup>rd</sup> world culture and serve the less fortunate. This dream became a reality when my boys went to Mexico this spring to build homes and deliver food to some wonderful families. I also benefited from experiencing "Best Days" with my children.

Thanks again for your leadership & irresistible lifestyle!

Sincerely,

Ken Compton
