Dear Bob,

May you experience God's love, grace, and His peace in a genuine form today and always.

I am so thankful that a treasured friend thought enough of you and The Master's Program to invite me to an intro class three years ago. I have to say that God's word, the Holy Spirit, and your summary presentation had me committed to the program in the first hour.

The progression through the next twelve quarters of study, lecture, and discussion set the foundation for the next stage (second half) of our life as a family towards greatness and impact for the Kingdom. We get so wrapped up in the world and its challenges and seeming successes that we are consumed and blinded to what God has for us.

We were doing the volunteer thing, that quite frankly, felt pretty good, but now see that our potential was underutilized and the mission was not focused on what God has planned for us. You challenged us to step out of a comfortable routine, identify who we are in Christ, and focus our energy on our Kingdom calling and potential.

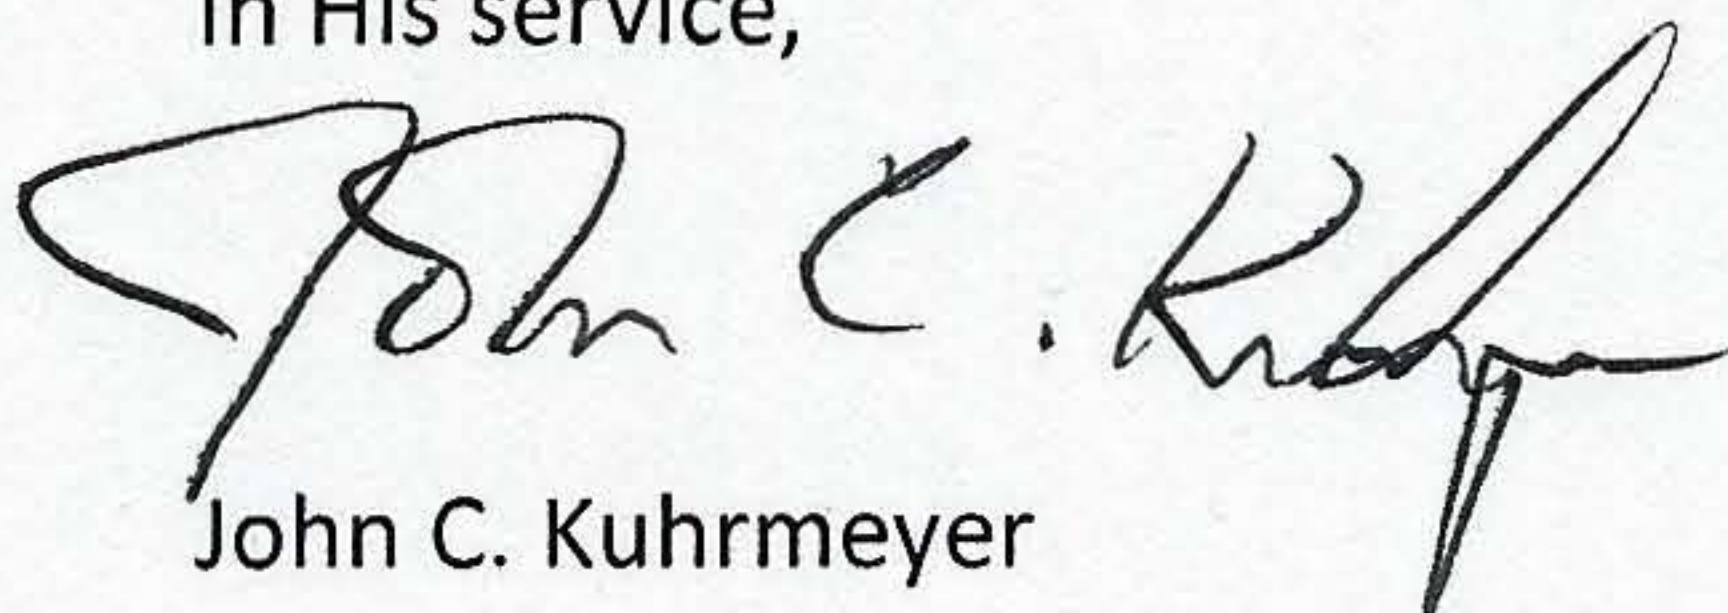

Has God revealed to us exactly what He has called us to do? Not yet, but every opportunity that presents itself will be considered through a lens focused on Jesus and its Kingdom potential. The many exercises, workbook projects, outside resources, and reading that you exposed us to have us moving towards Life Mastery and gaining margin.

I will say that the most thought provoking, intriguing session, was the discussion around the "New Heaven and New Earth". We all seem to live in the present when the present is just that, a moment in time, a blink of an eye. We have eternity to look forward to with Jesus and eternity is forever, I think. What will we be doing a thousand years from now? Great motivation to get to the Kingdom work, saving souls, loving our neighbors, serving the needy, worshiping the Father.

Thanks for your commitment to the mission; to prepare Christian leaders to change their world and build God's Kingdom through their irresistible lifestyles and influential works of service.

God's rich blessings to you and your family.

In His service,

John C. Kuhrmeyer
